In one week, Think Tank #8 Brings an end to its explosive second arc!

"Remove justice, and what are kingdoms but gangs of criminals on a large scale?" - St. Augustine.

After the pulse-pounding ending of issue #7, Dr. David Loren speaks under oath at a Senate hearing about General Clarkson's actions, as well as his own involvement with OMEGA. Secluded to his lab, David lays the bread crumbs of his end game, bringing in old friends, while making new enemies.

Foundations that were laid in the first issue begin to resurface as David faces a difficult decision.

All of this plus David teaches his dog how to high-five! Fun, excitement, and more government secrets than you can fit into your brain.

DANGER: Reading this book will make you smarter.
